Injuries

Should an athlete sustain an injury either while training outside of the operations and activities of the team, and that injury requires medical attention or ongoing physical therapy, it is a requirement that the injury be reported to the Head Coach. This must occur immediately upon learning of the injury. We require a medical doctor's note clearing the athlete to resume training and competition to ensure it is safe for them to do so.

In instances where the injury occurs while training or competing with the team, the athlete and/or parent guardian are required to report the incident to the Head Coach immediately upon occurrence and an injury incident report shall be filled out to record the details. Concussions and return to play procedures are outlined at www.parachutecanada.org

Behaviour

Variety Village coaches work to create a positive training environment understanding that everyone is an individual, working at their own pace in a team setting. There are behaviours that we can not support including:

- Interrupting coaches or other athletes.
- Disrespect of any member of Variety Village, the Team or any participating member of OWSA.
- Negative or rude comments directed at any member of the club, staff or general membership at Variety Village
- Unwelcome physical contact to another athlete or coach
- Any form of bullying (verbal, physical on through electronic communication)
- Refusal to listen to instructions

If an athlete is to commit any of the above behaviours the result will be the following disciplinary actions;

- Continued inappropriate behaviours within a practice will result in the athlete being asked to leave the practice.
- After two practice removals, the athlete will meet with the Head Coach to discuss strategies for improvement.
- Continued behaviour may result in a suspension for a period of time or an expulsion depending on the severity of the behaviour.

Conflict Resolution
